FULLSTACK DEVELOPER

Fullstack JavaScript Developer specializing in TypeScript, Next.js, and Node.js with experience building real-time, scalable applications. Strong in API development, PostgreSQL, and modern frontend tools like Zustand, React Query, and Zod. Passionate about clean code and delivering production-ready solutions.

WORK EXPERIENCE

Fullstack Developer, Shwe Ngwe Aung Holdings Limited (Remote, Myanmar)

Jun 2025 - Present

Tech: Next.js, TypeScript, Mediasoup, Socket.IO, Express.js, MongoDB, Auth.js

- Developed a real-time watch-party platform supporting synchronized playback and multi-user interaction.
- Integrated Mediasoup to enable low-latency video/audio calls for multiple participants.
- Used Socket.IO for real-time features like chat, room creation, user presence, and video sync.
- Implemented secure authentication using Auth.js (signup/login/session tokens)
- Designed responsive UI in Next.js optimized for both desktop and mobile.

Frontend Developer Intern, App Intouch Co., Ltd (Onsite - Thailand)

Jan 2025 - Apr 2025

Tech: Next.js, TypeScript, Zustand, React Query, Tailwind CSS, Zod

- Built responsive UI components for internal and client-facing apps.
- Improved form reliability using React Hook Form + Zod validation.
- Integrated multiple APIs using React Query, reducing manual fetching logic by 30%.
- Participated in Agile sprints, code reviews, and deployment workflows.

Volunteer Frontend Developer, Rangsit University Language Center

Jan 2024 - Apr 2024

- Developed responsive UI components using React.js, Tailwind CSS, and TypeScript
- Collaborated with the team to meet project deadlines and deliver high-quality code
- Contributed to the enhancement of digital resources and improving the user experience and functionality of the center's website

Tech Seminar Management Team, Rangsit University

Sep 2023 - Dec 2023

- Coordinated and managed a university tech seminar with a team.
- Collaborated with team members to plan and execute seminar activities, including speaker coordination and event promotion
- Demonstrated strong teamwork in handling responsibilities such as registration, venue setup, and participant engagement

Hackathon Finalist, Rangsit University

April 2024

- Built a Gemini AI-based prototype during a university hackathon.
 - Collaborated in a 4-person team to design frontend and API integration.
-

EDUCATION

Bachelor of Science in Information and Communication Technology

2023 - 2025

Rangsit University, Thailand

GPA: 3.78

TECHNICAL SKILLS

Frontend: TypeScript, React, Next.js, React Native, Tailwind CSS, Zustand, Redux, React Query, Zod, Shadcn UI

Backend: Node.js, Express.js, Nest.js, Socket.IO, Mediasoup

Database: PostgreSQL, Supabase, MongoDB

Tools: Git, GitHub, Postman, Docker, AWS

Languages: Burmese (Native), English (Fluent)
